

RBT+MED™

RESIDUAL HOSPITAL GRADE SANITISER

WHY RBT?

- Kills known bacteria, viruses and fungi rapidly and efficiently.
- Eliminates harmful pathogens at log 5 (99.999%) and for certain pathogens even up to log 7 (99.99999%).
- Continues to kill harmful pathogens – i.e. residual efficacy on skin with RBT lasts up to 6 hrs or from wash to wash.
- Coating the tested surfaces by creating an active barrier lasting for 7 days without affecting the surface properties.
- Stops development of mutant strains.

ACTIVE AGAINST:

- Hepatitis-B & C
- Clostridium Difficile
- Influenza-A
- Human Herpes
- Human Norovirus
- Staphylococcus Aureus (MRSA)
- Mycobacterium Aium (TB)
- Escherichia coli
- Listeria Monocytogenes
- Pseudomonas Aeruginosa

EFFECTIVE ON ALL SURFACES:
Tested on glass, steel, wood, plastic, skin & fabric

APPLICATION:
Spray, Foam, Wipes or Misting

ProtectUs Ultimate fulfils the CDC and EU safety requirements for Corona virus. Corona virus is an enveloped virus which survival rate is similar to other enveloped viruses, including H1N1 and Hepatitis C virus (HCV). ProtectUs Ultimate fulfils EN 14476:2005 Chemical disinfectants and antiseptics used in Human Medicine – Test methods and requirements for viruses (phase 2/step 1) under clean and dirty conditions.

The Centre for Disease Control (CDC) advised the following: "... – coronavirus disease 2019 (COVID-19) – The general strategies CDC recommends to prevent the spread of COVID-19 in LTCF are the same strategies used to detect and prevent the spread of other respiratory viruses like influenza.

To sanitise and reduce the number of viable micro organisms on contaminated surfaces.

- Colourless
- Odourless
- Vapour free
- Alcohol free
- Non hazardous
- Non corrosive
- Residual effect
- Active when dry
- Effective in air spaces and soiled conditions

ACTIVE INGREDIENTS:

Didecyldimethylammonium Chloride	0.05 – 0.06%
Benzyl-C12-16-Alkyldimethyl Chlorides	0.05 – 0.06%
Polyhexamethylenebiguanide Hydrochloride	0.1 – 0.2%

EFFECTIVELY USED IN:

- Hospitals and clinics
- Medical equipment
- ICU, theatres, wards
- Clean rooms
- Re-usable surgical instruments
